

KARL STORZ Endoscopy India Pvt. Ltd.

Please find below CSR activities of our organization:

- 1. Monetary Donation to Apollo Charity Fund for Flood Relief Campaign**
- 2. WHI Program:** We run a unique Women Health Programme, initiated by Mrs. SybillStorz in 2005. In this program, we collaborate with renowned institutions and surgeons of the country for promoting healthcare for women in India by providing free equipment for minimal access surgery. We have so far trained more than 950 surgeons on endoscopic procedures under this program.
- 3. Basic Medical Writing Course:** This is the most popular course among the doctors of all the specialties including those who are not covered under KARL STORZ product & business portfolio, such as Hematology, Radiology, Dietetics, Pathology etc. Support from our company as facilitators of this course is highly appreciated. Medical writing and publishing are an essential component of the professional career of a practicing surgeon today. The Basic medical writing course is designed to be an introduction to scientific medical writing and publications. The purpose of the course is to familiarize the beginner with the basic principles and background essential to commence medical writing
- 4. Organ Donation Awareness & Pledging**
- 5. Trainings for paramedical community**
- 6. Collaboration with NGO "Goonj" where employees contributed through various ways for the benefit of Goonj members.**
- 7. Equipment Donation to Charitable Hospital**
