

Robert Bosch Engineering and Business Solutions Limited

At Bosch, CSR is an integral part of our Business Strategy and organizational goal wherein sustainable CSR programs are built around the active participation of our company's team members by fostering meaningful engagement and sustainable development in the areas of education and environment. Associates engage in various CSR activities throughout the year contributing thousands of volunteering hours.

Our initiatives in the areas of education and environment are towards creating sustainable benefits and ensuring a better and greener tomorrow.

In Education we support:

Scholarship of Meritorious Students,

Create Model Schools,

Sports for Development and

Children with Disabilities.

Our focus towards Environment has been to create a clean and green neighborhood by

Planting trees,

Developing parks,

Restoring rivers / lakes,

Improving sanitation,

Initiating methods to Reduce, Recycle and Reuse Waste and

Conserving animals and wildlife.
