

## **Karan Singh**

Partner  
*New Delhi*

Karan Singh is the managing director of Bain & Company's India offices. He is a leader in Bain's Healthcare practice.

He was one of the founding partners who helped establish Bain's India business in 2006 and has more than 20 years of management consulting experience across Asia, Europe and the United States.

Karan was most recently the leader of Bain's Healthcare practice in Asia Pacific, leading projects across healthcare delivery, medical devices and pharmaceuticals. His expertise includes transformation, turnaround and growth strategy, mergers and acquisitions, performance management and change management. He also has experience in supporting clients in the consumer products, financial services, industrial goods and services and private equity sectors.

He has advised and been a knowledge partner to NATHEALTH - Healthcare Federation of India and works with the Kailash Satyarthi Children's Foundation. He has also been a member of committees of leading business chambers such as CII.

Karan earned an MBA from the Wharton School of Business at the University of Pennsylvania.

## **John Langenbrunner**

**John (“Jack”) Langenbrunner** is a Senior Officer with the Bill and Melinda Gates Foundation since September 2015.

Jack is a Health Economist with both research and operations experience. He was most recently an Advisor for Social Health Insurance in Indonesia from 2013 until mid-2015. Previous to that, he was a Lead Health Economist for the World Bank in China, and coordinated a Health Financing and Health Insurance Thematic Group within the Bank. He led the Bank’s Global Expert Team for Health Financing and Health Systems in 2011-2013. He has extensive experience in countries in Europe, Middle East and Asia.

Jack’s most recent books are “Health Financing and Universal Health Coverage in Indonesia: Policy Notes” (2015) and “Financing Health Care in East Asia and the Pacific: Best Practices and Remaining Challenges,” (2012) co-authored with Aparnaa Somanathan. He also has co-authored 2 books on Resource Allocation and Strategic Purchasing, and has authored or co-authored a number of papers related to this initiative. He is co-author of a new book on DRGs and hospital payment models in Asia launched in early 2016.

Previous to his work at the Bank, Jack was with the US Center for Medicare and Medicaid Services (CMS), a public health insurance program for over 80 million Americans, and with the US Office of Management and Budget. In the mid-1990s, he served on the Clinton Health Care Reform Task Force for the US White House.

## **Mr. Sushobhan Dasgupta**

Mr. Sushobhan Dasgupta is the Managing Director, Johnson & Johnson Medical India and Vice President, Orthopaedics, Johnson & Johnson Asia Pacific serving as a member of the Johnson & Johnson Orthopaedics Global Board. A gold medalist in Business Administration from Jadavpur University and a Master of Science degree in Human Physiology from Presidency College, Kolkata, Mr. Dasgupta joined Johnson & Johnson in April 1992.

Over his 25-year career with J&J, Sushobhan has lived and worked in several developed and emerging markets such as USA, UK, Germany, Singapore and Australia/New Zealand. In his various roles, he has led and delivered accelerated business growth through innovation, continuous talent and organization development. He has always been a strong proponent and advocate of business ethics and compliant business practices.

In his current role as Managing Director India and South Asia, he is actively engaged in helping shape the healthcare environment through active participation in leading industry forums. He is the Past President of the Healthcare Federation of India (NATHEALTH), immediate Past Chairman of the FICCI Medical Devices Forum and currently Chair - Finance, Healthcare Sector Skills Council.

In addition, he is also an active member of FICCI's National Committee on Healthcare, CII's National Committee on Public Health and CII's National Committee on MNCs, The American Chamber of Commerce's (AMCHAM) and ADVAMED Medical Devices Forum. He is a founder member of the newly formed Medical Technology Association of India (MTAI).

Mr. Dasgupta is the recipient of the honorary fellowship from the Association of Minimal Access Surgeons of India (AMASI), a rare recognition to an industry leader. He is also the recipient of the Award of Appreciation from the Indian Arthroplasty association at IAACON 2017 Kolkata for his contribution over the years in the field of Arthroplasty in India.

He is passionate when it comes to contributing to the community. An advocate of "Operation Smile", an international children's medical charity, that performs safe, effective cleft lip and cleft palate surgery, and delivers postoperative therapies, he extended his love by cooking for this noble cause and in turn raised money for Operation Smile.

**Elisabeth Staudinger**

President Asia-Pacific Siemens Healthineers

Elisabeth Staudinger leads the business for Siemens Healthineers in Asia Pacific since 2013. She studied Chinese and economics in Vienna, Nanjing, and Beijing and holds master's degrees in both subjects. Elisabeth joined Siemens in 1988 and has worked in international management roles spanning from procurement to strategy, marketing, manufacturing, and business unit CEO, spending time both in Germany as well as Shanghai, China. Elisabeth is passionate about innovation. To enable access to healthcare it will not only take smart new technologies but also new business models. In addition, digitization and artificial intelligence may have a fascinating role to play.
